I enjoyed my 2 year Multi Utility apprenticeship here at Aptus. I learnt a lot of different skills and have come a long way since the start of my apprenticeship. I had good support with each team I worked with during my training and that has paid off now, as I am a fully qualified Gas/Water mains and service layer and also have a digger and dumper ticket as well as I now have a towing license, all thanks to Aptus Utilities. I would recommend this scheme to you, as Aptus Utilities is a great company to work for with a bright future head

Tom - 2017 Graduate

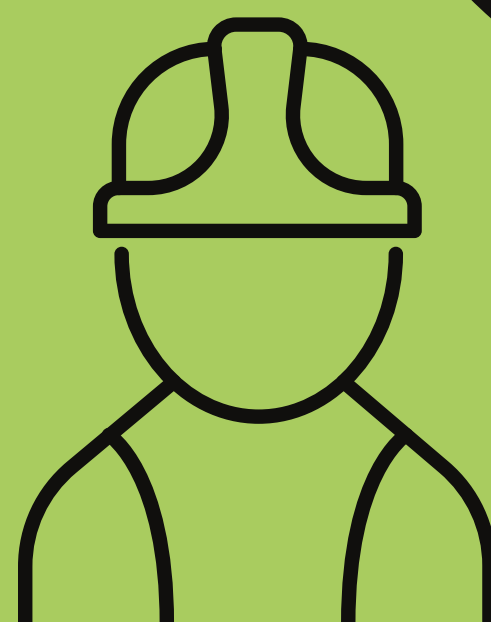

The two year apprenticeship here at Aptus was a great experience. It went so fast and I am fully qualified water and gas service and main layer. Aptus is an amazing company to work for; I have the best time here learning each day. I look forward for many more years here with Aptus' bright future

**Antony - 2015 Graduate
MU Team Leader**

I have really enjoyed my time at Aptus Utilities throughout my apprenticeship. I have learnt a lot during the 2 years I have been here and I am excited to learn even more about my profession in years to come

Ethan - Current 2019 Apprentice
