Teacher's Pet

Mr Taylor, Maths Teacher has decided to share his Cute pets with us this term.

Here they are!

Aren't they cute! The black and white one is called William and the ginger one is called Oliver!

Riddles and jokes

Why are stadiums so cool?....

....because they're filled with fans!

Now I've asked some people around the school for some funny jokes or even riddles to tell us.

Now here's some of the 3 best ones I've heard:

Why do bees have sticky hair???....

....because they use honeycombs!

Why did the student eat his homework?....

....because his teacher told him it was a piece of cake.

And finally how do you get Pikachu on a bus?.....

....poke-him-on

Have you got any jokes you really like? Why not send them into the newspaper by giving a copy of them to anyone from the newspaper or giving them to Miss Pearson-Rolph and you too might be a published comedian!

Book review

‘Harry Potter and the Cursed Child’ is said to be a very good book; it’s the 8th book of the Harry Potter franchise. This book has also been turned into a play and is about Harry Potter’s son. If this has interested you to read this book there is two in the library (if both are in use then you can ask Amy or Alice to reserve it for you) plus there is many more books you can read including the rest of the Harry Potter books. Also, if you want to write something of your own like this, on Wednesday lunchtime next to the library in R52 you can come to newspaper club!

Staff and students’ thoughts

First of all, we have our school librarian Amy, she said she enjoyed it but it wasn’t as good as the others but, she still found it an interesting edition to the Harry Potter series. Second of all we have a student in year 7, Anna Todd. She said it’s an interesting and good book and shows the future well. And the last person a student in year 7, Olivia Armstrong - she said it was very interesting and was an amazing addition to the franchise she said she couldn’t put the book down and was excited every time she could read it.

The Tale of a scarecrow who lost his body

Let me tell about the tale of a scarecrow who lost his body on Halloween. It all began on the 31st of October 2021 when there was a little scarecrow named Hitte, who loved to walk around children.

He also likes to give children sweets, but only one sweet for each child. He also likes to play tricks on the adults.

So, it's like a trick for adults and treats for the kids! Anyway, he likes to be the way that he is, and so are the kids, even the adults. But not everyone was on board the Halloween express.

CHOO CHOO! DR. MR. Christmas, weird name I know, was so, so, so, so, so, so, so, so sick on being tricked by Hitte, so sick that he wanted to kill Hitte!

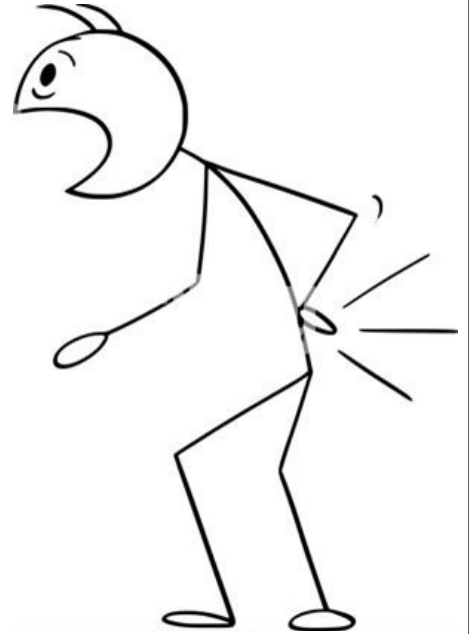

... But he doesn't know how to kill a scarecrow. So, he hopped onto the computer

and found that only ghosts can kill scarecrows. So, he uses a machine to create a ghost

and said 'finally I can get rid of the scarecrow *ha ha ha ha ha!*' but as he laughed, he accidentally broke his back.

It was Halloween night 2022 when Hitte was doing what he usually does until the ghost had appeared. The children were scared but Hitte was the one that screamed, but the scream was so loud he broke the sky!

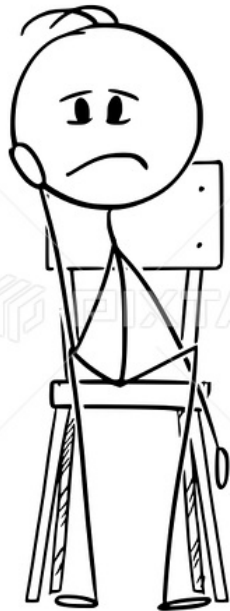

But before Hitte could run away, the ghost chopped off Hitte's head. DR MR Christmas was so happy that Hitte was DEAD....

...but after seen the children cry....

, he started to feel guilty for killing Hitte. He said to the children that he was the one that crated the ghost who kill Hitte.

But before he could finish, a head came a hit DR MR Christmas and said that he was Hitte and he killed the ghost.

Everyone was happy that Hitte was alive and DR MR Christmas apologised to Hitte and got him a new body

and everyone was happy,

but then DR MR Christmas broke his back again...
