Inspira is an expert in employability skills. Through our work, we support local people to improve their skills, open-up new opportunities and help them into work, learning or training. Our mission is to empower young people and adults with the skills & confidence they need to reach their potential in life and work. We want

people to be 'Bold' and 'Resilient' so that they can handle whatever obstacles, challenges, and opportunities they face with a can-do attitude. We also want people to be 'Relevant', to have the necessary skills, knowledge, and experience to succeed in jobs today and in careers of the future. We partner with, and work on behalf, of organisations across the North of England to manage and deliver comprehensive employability programmes which produce life changing results and positive impacts. Our programmes enable people to get back into work, shore up skills shortages, prepare young people for life after school and connect educational institutions with employers to drive young people's aspirations.

Gen2 is an apprenticeship training provider working with employers across Cumbria to offer apprenticeships in a range of areas including Advanced Manufacturing and Engineering, Business Support, and Teaching Assistants.

**Westmorland
& Furness
Council**

We cover an area that stretches from Alston in our far north east, to Walney Island in our far South West. It includes the towns of Barrow, Kendal & Penrith.

**Environment
Agency**

The Environment Agency works to create better places for people & wildlife & support sustainable development. We were established in 1996 to protect & improve the environment. Since then we have worked hard to regulate major industry & waste treatment of

contaminated land, improve water quality & resources, look after fisheries, improve inland river, estuary & harbour navigations & support conservation & ecology. We also respond to incidents, including flooding and pollution. We are inspiring the people we work with to help the country to not only survive but thrive through the challenges of a changing climate. We want to keep people safe & protect the things that matter to us all – our natural spaces, our wildlife & our future.

The entire team at UCC would like to offer a huge thank you to all of the employers, further education providers and other businesses that take time out of their busy schedule to make today happen! Providing our students with information, inspiration and options for the future is such an important part of their education.
