

Music Summer Project

Part 1

Musical Introductions

- Choose a solo performance piece to perform on your instrument to showcase your passion and skills for your instrument/voice. The performance should show what you are all about as a musician as a way of introducing yourself in the first lesson in September.

Part 2

Job roles in the music industry

Research one of the following job roles:

- Music Journalist
- Venue Manager
- Studio Manager
- A&R (Artist & Repertoire)
- Music Promoter

For the job role you have chosen, research and write an article describing and explaining the following:

- What does the job entail (job description)
- How does the job relate to other areas of the music industry?
- What does a typical week look like for this particular job?
- What are the career opportunities?
- Average pay for someone in this career?
- Qualifications required for this? What pathway should you take?
- Justification for this job. Why is it needed?
