

Media Studies Summer Project 2025

1. Choose a music video/advert/film/TV/video game program you like and **create a presentation** (with images/screenshots etc) including the following slide titles:
 1. Why I chose
 2. was made and funded by..... (a slide about who paid for it/*which company made it* etc. For example, if it was Rockstar Games, who are they and how much did it cost to develop that game etc?)
 3. The Narrative (what's it about/meaning/point?)
 4. Specific parts of this product (choose particular things you like about how it was made, e.g do you like the costumes/ the camera work/ the graphics and discuss)
 5. Other products I Considered (make a slide that briefly lists other media products you like e.g The films of Wes Anderson; Tame Impala albums etc)

Enjoy!
