

Visitor Information

- Visitors must park in the designated, signposted visitor parking bays
- If all bays are full then the leisure centre or Sainbury's is the next suggested option
- Any disabled visitors who hold a blue badge must drive up to the reception barrier and alert reception to your arrival. They will allow access into the staff car park that has two disabled bays – vehicular access in this car park is not permitted during class changeovers or break times when students are in the vicinity so if you arrive at those times you may be asked to wait
- You will be asked to sign in at reception on our electronic signing in system
- This will provide you with a photographic ID badge that will be attached to a red visitor lanyard – this must be worn at all times when on site
- Visitors must always be escorted whilst on site

We thank you for your cooperation – all new measures have been put in place to protect the safety and security of our students.
