Science Experiments for Summer 2025

We'd like to set you the challenge this summer of having

FUN WITH SCIENCE

If our visit our website;

https://ullswatercc.co.uk/students/transition/

You will see a yellow button and if you click on it, it will show you a booklet full of science experiments that you can do in your kitchen!

Have a go! *(with your parents/carers permission!)*

We'll look forward to hearing all about them in September!

Mrs Priestley, Director of Science
